EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- Claims 1-28 have been cancelled.

2. The following is an examiner's statement of reasons for allowance: The application is allowable for the reasons set forth on page 6 of the decision of the Board of Patent Appeals and Interferences, which is hereby incorporated by reference. As noted therein, and as argued from page 5 to page 8 of Appellant's brief, one of ordinary skill in the art would not have found any suggestion in the combined teachings of Teeri and Rode to modify Teeri's method of adjusting the disc spring assembly to include a step of plastically deforming the spacer as claimed in claim 29.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
